ASSISTED LIVING

ColumbiaCottage.com

Columbia Cottage is a Horst Group Inc. community.

Assisted Living at its Best

Our reputation is built on our
commitment to our residents and their
families to provide safety, kindness,
and the highest levels of care.

ASSISTED LIVING

We are a vibrant, unique
community of residents,
staff, and volunteers,
dedicated to supporting
each other in living each
day to its fullest.

- Resident-focused approach
- Highest quality care around the clock
- Intimate setting

Why you should choose Assisted Living at Columbia Cottage:

Family Atmosphere

Our unique, single-story, open floorplan design offers a more intimate and homelike setting that promotes contentment and comfortable social interaction. Our spacious rooms, cozy common areas, and outdoor courtyard add to a very peaceful environment.

Resident-Focused

Rather than having a regimented routine, we honor residents' daily choices and evolving needs by supporting them in ways that keep them feeling as safe and independent as possible. Our smaller community (40-50 residents) helps maintain personalized care and special relationships. Our smaller communities and/or neighborhoods help maintain personalized care and special relationships.

Age-in-Place Model

We are so dedicated to the philosophy of aging in place that we provide experienced staff and specialized services for 10 levels of individualized care. This enables our residents to enjoy their lives uninterrupted at Columbia Cottage.

Universal Caregivers

It's comforting for families that the same caregiver interacts with residents throughout the day in different situations. This consistency makes Columbia Cottage different and very special to residents. Nurses are available 24/7 to ensure our high standards of quality.

Core Values

Core values of honoring God, putting people first, building strong relationships, and earning trust are our moral compass for everything we do. It's also why we maintain staffing levels 2-3 times higher than personal care and skilled nursing facilities.

Specialized Memory Care (Linglestown, only)

Our State-of-the-art Memory Care Neighborhood is specifically designed with a supportive, unique, and stimulating environment where your loved one is our focus. Our Specialized team will provide person centered care in a safe, secure environment where residents can flourish.
